

## FUNDRAISING

It is the intent of the Maine Indian Education Joint School Committee to provide for the basic educational, co-curricular and athletic needs of the students and programs through the normal budgetary process. However, the Committee recognizes that certain types of fundraising activities will enhance the relationship between school and community and will contribute to the overall improvement of the school program. Fundraising is the selling of a product, providing a service or activity, or requesting donations. School fundraising directly funds school programs and students.

In order that fundraising not interfere with the academic program and place undue demands on the communities, it is the desire of the Joint School Committee that fundraising activities be selective, coordinated and purposeful.
