

FUNDRAISING ADMINISTRATIVE PROCEDURES

The Maine Indian Education Joint School Committee recognizes that most fundraising affiliated with the school unit falls within the categories of Student/School-Based Fundraising or School-Affiliated Fundraising. These are guidelines that apply to all fundraising efforts that benefit the schools.

Guidelines for All Fundraising Efforts

- A. Fundraising activities must not interfere with the student's obligations to the academic program.
- B. All fundraising activities, aside from regular school events such as concerts and athletic events, must have prior written approval of the building principal. If approval is denied, an appeal may be made to the Superintendent.
- C. The fundraising activities of school-based and school-affiliated organizational groups shall be limited and coordinated so as not to be burdensome to the community. Any individual fundraising project that has a targeted amount over \$10,000 must have the prior approval of the appropriate school committee. This \$10,000 amount allows the school committees to evaluate the level of financial commitment being asked of the community, including (but not limited to) parent groups, booster and community members. In cases of conflict between fundraising activities, in-season activities shall be given preferences.
- D. Projects resulting in alterations or additions to the physical plant/grounds must have the prior written approval of the Superintendent. (Examples include renovations, furnishings, playground/classroom equipment, signs, scoreboards, field restorations, etc.)
- E. Revenue and expenditure reports shall be submitted to the building principal, and all fundraising activity will be subject to Maine Indian Education's accounting and auditing procedures.
- F. At no time shall a student be required to participate in fundraising activities.
- G. All checks should be made payable to the group or school department responsible for the fundraising effort, not to an individual.

Student/School-Based Fundraising

Student/school-based fundraising refers to activities involving the participation of students. Such activities include school-wide fundraising projects and individual school-based club/organization projects.

A. Fundraising promotions/activities shall be scheduled at times which pose minimal disruption possible to academic programming.

B. Activities undertaken by students must be approved in advance by the principal.

C. Fundraising activities should involve rendering a service or product for the contribution received, such as concerts, dances, suppers, etc.

D. Student participants in fundraising activities must be supervised by an adult and are expected to abide by the school's behavior code of conduct.

E. School organizations shall not be used to raise funds for non-school groups except for charitable purposes. Prior approval must be obtained from the building principal.

F. Revenue and expenditure reports shall be submitted to the building principal, and all fundraising activity will be subject to Maine Indian Education's accounting and auditing procedures.

School-Affiliated Fundraising

School-affiliated fundraising refers to parent/community groups certified as affiliated with the Beatrice Rafferty School, Indian Island School, or the Indian Township School for the purpose of raising moneys to benefit students. Examples include parent-teacher organizations/associations, athletic/activity booster groups and groups appointed and approved by individual school committees.

A. School-affiliated groups must have prior written approval from the building principal for all fundraising activities.

B. Use of school facilities by school-affiliated groups shall be determined by the School Facility Use Policy.

C. It is the intent of the Joint School Committee that basic uniform, equipment and material needs will be addressed through the budgetary process. Therefore, school-affiliated fundraising should be limited to providing items which are not normally included in the school budget. Special circumstances that would indicate an exception to this regulation will require the approval of the respective school committee.

D. Revenue and expenditure reports shall be submitted to the building principal, and all fundraising activity will be subject to Maine Indian Education's accounting and auditing procedures.
